Docket No. N2012-1

NATIONAL POSTAL MAIL HANDLERS UNION MOTION FOR EXPEDITED ACCESS
TO NON-PUBLIC INFORMATION

Pursuant to 39 CFR 3007.40 and Rule 21 of the Commission's Rules of Practice and Procedure, the National Postal Mail Handlers Union ("NPMHU") moves for access to materials filed by the United States Postal Service in the non-public annex of this docket, docketed as library references USPS-LR-N2012-1/NP9, NP14 through NP17, NP19 through NP21, NP25, and the supplement to NP1; and to non-public materials filed by the APWU, docketed as library references APWU-LR-N2012-1/NP1 through NP7. The NPMHU requests expedited approval of this Request, so that the NPMHU representatives can fully participate in the technical conferences scheduled for May 3, 2012. Counsel for NPMHU has conferred with counsel for the USPS and the USPS does not object to this motion.

The NPMHU is the exclusive collective bargaining representative for approximately 47,000 Mail Handlers employed by the United States Postal Service. The NPMHU members are responsible for loading and unloading trucks, transporting

mail within the facility, preparing, sorting, and containerizing the mail for distribution and delivery, and operating a host of machinery and automated equipment to facilitate the distribution of the mail.

The proposal before the Commission would have a significant effect upon NPMHU members, and the NPMHU accordingly has intervened in this proceeding and given notice that it intends to participate actively in any hearing. NPMHU is not a competitor of the Postal Service, and is not affiliated with any private delivery services, communications or mailing industries. Allowing the NPMHU access to these materials will in no way jeopardize the Postal Service's competitive position. Further, the Commission previously granted the NPMHU's requests for access to non-public records USPS/LR-N2012-1/NP1 through NP8, and NP 10 through 12.

In accordance with 39 CFR 3007.40(b), in order to expedite the request, the following NPMHU representatives and attorneys have completed a Statement of Compliance with Protective Conditions, and such Statements are attached hereto:

Wherefore, the NPMHU respectfully requests that the Commission grant it access to the afore-mentioned non-public documents filed in this docket.

Respectfully submitted,

Patrick T. Johnson

STATEMENT OF COMPLIANCE WITH PROTECTIVE CONDITIONS

The Postal Service has filed non-public materials identified as library references USPS-LR-N2012-1/NP9, NP14 through NP17, NP19 through NP21, NP25, and the supplement to NP1; and the APWU has filed non-public materials, docketed as library references APWU-LR-N2012-1/NP1 through NP7. The Postal Service and APWU request confidential treatment of the materials (hereinafter “these materials”).

The following protective conditions limit access to these materials identified as USPS-LR-N2012-1/NP9, NP14 through NP17, NP19 through NP21, NP25, the supplement to NP1; and APWU-LR-N2012-1/NP1 through NP7. Each person seeking to obtain access to these materials must agree to comply with these conditions, complete the attached certifications, and provide the completed certifications to the Commission and counsel for the Postal Service.

1. Access to these materials is limited to a person as defined in rule 5(f), 39 CFR 3001.5(f), or an individual employed by such person, or acting as agent, consultant, contractor, affiliated person, or other representative of such person for purposes related to the matter identified as Docket No. N2012-1. However, no person involved in competitive decision-making for any entity that might gain competitive advantage from use of this information shall be granted access to these materials. “Involved in competitive decision-making” includes consulting on marketing or advertising strategies, pricing, product research and development, product design, or the competitive structuring and composition of bids, offers or proposals. It does not include rendering legal advice or performing other services that are not directly in furtherance of activities in competition with a person or entity having a proprietary interest in the protected material.
2. No person granted access to these materials is permitted to disseminate them in whole or in part to any person not authorized to obtain access under these conditions.
3. Immediately after access has terminated under 39 CFR 3007.41 or 3007.51, a person (and any individual working on behalf of that person) who has obtained a copy of these materials shall certify to the Commission:
 - (a) That the copy was maintained in accordance with these conditions (or others established by the Commission); and
 - (b) That the copy (and any duplicates) either have been destroyed or returned to the Commission.
4. The duties of each person obtaining access to these materials shall apply to material disclosed or duplicated in writing, orally, electronically, or otherwise, by any means, format, or medium. These duties shall apply to

the disclosure of excerpts from or parts of the document, as well as to the entire document.

5. All persons who obtain access to these materials are required to protect the document by using the same degree of care, but no less than a reasonable degree of care, to prevent the unauthorized disclosure of the document as those persons, in the ordinary course of business, would be expected to use to protect their own proprietary material or trade secrets and other internal, confidential, commercially sensitive, and privileged information.
6. These conditions shall apply to apply revised, amended, or supplemental versions of these materials provided in the matter identified as Docket No. N2012-1.
7. The duty of nondisclosure of each person obtaining access to these materials is continuing, terminable only by specific order of the Commission, or as specified in paragraphs 9 and 10, below.
8. Each person granted access to these materials consents to these or such other conditions as the Commission may approve.
9. Any written materials that quote or contain materials protected under these protective conditions are also covered by the same protective conditions and certification requirements, and shall be filed with the Commission only under seal. Documents submitted to the Commission as confidential shall remain sealed while in the Secretary's office or such other place as the Commission may designate so long as they retain their status as stamped confidential documents.
10. If a court or other administrative agency subpoenas or orders production of confidential information which a person has obtained under the terms of this protective order, the target of the subpoena or order shall promptly (within 2 business days) notify the Postal Service of the pendency of the subpoena or order to allow it time to object to that production or seek a protective order.
